Rugged Tripod Carrying Case

Large, heavy-duty design

Rugged tripod case to house any antenna tripod, extension legs and mounting adapters.

Features

- Heavy-gauge polyethylene construction
- Foam padding in the lid and base to secure tripod
- Compatible with either the ATU-510 or the ATU-514
- Flat side prevents case from rolling

This heavy-duty tripod carrying case is designed to transport tripod, extension legs and mounting accessories. Its unique shape prevents the case from rolling around in your vehicle. Thick cushioning material in the base and lid allows enough room to safely carry our large wooden tripod (ATU-510) with the Azimuth and elevation head (AEH-510) attached and extension legs (WEL-510) plus any other tripod accessory.

Adjustable Interior Height: 40" to 50" (100 to 127cm)

Max Interior Diameter: 8.5" (22cm)

Weight: 8 lbs. (2.7 kg)
